

FOR YOUR PLEASURE - BIOGRAPHY

FOR YOUR PLEASURE began in 1991 as German studio project with Georgios Zikidis aka „Greco” (electric and acoustic guitars) and Lutz Meinert aka „Margin” (vocals, keyboards, drums) in Berlin. The duo recorded some own compositions with influences of progressive rock, folk rock and rock, released in 1993 on the album „Scattered Pages“ at Madvedge Records.

Motivated by good reviews of the debut the musicians worked on the second album. Parallel to first recordings the duo looked for musicians for a complete live band. In the same year the duo was extended with the drummer Frank Brennekam and the bass player Arne Spekat. In 2006 Georgios Zikidis left the band of time constraints.

In the following years various various guitarists and keyboarders came and went. Despite the personal inconsistency the band developed their own musical style near the progressive rock of the early 70 and played some concerts in Berlin.

In 2000 released the second album "timeless" got some good reviews in print and internet. But frustrated by the low demand and the still permanent search after a keyboarder Frank Brennekam, Lutz Meinert, Arne Spekat and Nils Conrad, the guitarist at that time decided to take time out till a keyboarder will complete the band or will exist enough material for a new album.

In the course of time the musicians lost their interest in the band and over time the musicians lost interest in the band and although FOR YOUR PLEASURE never formal dissolved, the remaining members never played together under the band name. But they all stayed friends, sometimes meeting each other and partially cross their musical paths. So Frank Brennekam and Nils Conrad play in the band [CRYSTAL PALACE](#) and Arne Spekat contributes to [MARGIN](#), the new psychedelic rock project by Lutz Meinert.

Arne Spekat wirkt bei [MARGIN](#), dem aktuellen Studio-Projekt von Lutz Meinert mit, dessen Debüt in diesem Jahr bei Madvedge Records erscheinen wird.
